QUALITY DENTAL PLAN

Introducing an exciting way to offer dental benefits to your employees without the expense or hassle of insurance companies. Quality Dental Plan (QDP) saves your business thousands of dollars per employee while providing quality, low-cost dental care to your employees and their families.

With traditional insurance, employees deal with monthly premiums, complicated claims forms, limitations and annual maximums. But QDP makes it simple. Best of all, there are no third-parties, waiting periods or confusing restrictions. All patient and plan support is handled quickly and easily at your local dental office.
